

Safe Hands

Michael Patrick Kelly

One of those days when you feel so out of touch
Even the angel on my shoulder has had enough
I feel like a boy against Goliath
Who's laughing down at my desires
All my armor is full of holes and full of rust

One of those nights where you get no rest at all
Counting headlights trace a path across the wall
Where is the voice that talks so sweetly
The only one who can complete me
Every time I trip into your arms I fall

'Cause with you as my witness
You make me wanna be a better man
I'm not afraid of my weakness
When my faith is like castles in the sand
I can be fearless
You make me believe in a bigger plan
'Cause when I'm with you
I know that I am in safe hands, in safe hands

You reach out to me, you don't judge and you don't blame
If for a second the best of my intentions evaporate
When the demons on my shoulder
Are getting louder, getting boulder
With just one touch your love blows them all away

'Cause with you as my witness
You make me wanna be a better man
I'm not afraid of my weakness
When my faith is like castles in the sand
I can be fearless
You make me believe in a bigger plan
'Cause when I'm with you
I know that I am in safehands, in safe hands

In safe hands, in safe hands, oh yeah

'Cause with you as my witness
You make me wanna be a better man
I'm not afraid of my weakness
When my faith is like castles in the sand
I can be fearless
You make me believe in a bigger plan
'Cause when I'm with you
I know that I am in safe hands, in safe hands
