

## Hate This Town

Michael Ray

A drink at the bar where we met taste a little more bitter than sweet

Those back porch Reds that we smoked just don't burn the same to me

Takin' the long way home don't do one damn thing  
No, nothing's changed, except everything

Never thought I'd hate this town  
Never thought I'd think about gettin' out  
Never saw me feelin' the way I do right now  
Your goodbye painted every wall on Main Street  
Back roads got paved with your memory  
One step away from puttin' that pedal down  
Never thought I'd hate this town

Used to dream about a little white house on a piece of land  
Just a few miles down the road from where mom and daddy live  
But ever since that ghost of you started hangin' around  
It's like you took these reigns on them roots  
Pulled 'em right out of the ground

Never thought I'd hate this town  
Never thought I'd think about gettin' out  
Never saw me feelin' the way I do right now  
Your goodbye painted every wall on Main Street  
Back roads got paved with your memory  
One step away from puttin' that pedal down  
Never thought I'd hate this town  
Never thought I'd hate this town

Never thought I'd hate this town  
Never thought I'd think about gettin' out  
Never saw me feelin' the way I do right now  
Yeah, your goodbye painted every wall on Main Street  
Back roads got paved with your memory  
One step away from puttin' that pedal down  
Never thought I'd hate this town  
Never thought I'd hate this town  
Never thought I'd hate this town  
Never thought I'd think about gettin' out
