

Nothin' Else

Michael Ray

Baby the way we've been runnin'
I swearin' down more than these boots
It ain't crash and burn yet but it's comin'
So if you need me like I'm needin' you

Let's lock the world out
Just fall in my arms now

Love me like you ain't got nothin' else
Left to your name but tonight
Love me like you ain't got nothin' else
But bein' mine on your mind

Wanna feel you close as a whisper
Be that need ya bad look in your eyes
Let our cares roll away like a river
Till there's nothing between you and I, I, I-I-I

Love me like you ain't got nothin' else
Left to your name but tonight
Love me like you ain't got nothin' else
But bein' mine on your mind

Yeah nothin' else
Let's lock the world out
Just fall in my arms now

Love me like you ain't got nothin' else
Left to your name but tonight
Love me like you ain't got nothin' else
But bein' mine on your mind

But bein' mine on your mind
Yeah nothin' else
