

# The Ride

The Michael Schenker Group

We're looking for power of rock forever  
Know the magic in the ride  
You and I, we could fly  
Let the sound lead you to the ride

We're spending our time like now or never  
Know the magic is the rock

Still I try, I can fly  
Let the sound lead you to the ride

You never get old, you can't stay young  
Why do believers stay unsung?  
And there's a place for everyone  
Oh how can I tell you this feelin'  
The magic is in the ride

We're spending our time like now or never  
Know the magic is the rock  
You and I, we could fly  
Let the sound lead you to the ride

You never get old, you can't stay young  
Why do believers stay unsung?  
And there's a place for everyone  
Oh how can I tell you this feelin'  
The magic is in the ride

You never get old, you can't stay young  
Why do believers stay unsung?  
And there's a place for everyone  
Oh how can I tell you this feelin'  
The magic is in the ride
