

All I Need

Michael Schulte

All my life
I've been chasing down a dream
But all the moments in between
Yeah that is all I need

Like the moon it pulls the tide
I've always had this song inside
Since I was born yeah I can feel it in my veins
I've been running just to see
What this is all supposed to mean
I didn't know but I had so much left to say

I will look back with no regret
Say all the things I should've said
Do whatever matters to me every day
Cause if you don't ask you don't get
Gotta believe that this is it
We're gonna live it like there is no other way

All my life
I've been chasing down a dream
But all the moments in between
Yeah that is all I need
All my life
Aiming for that finish line
I never really took the time
But that is all I, all I need
It's all I need, it's all I need
It's all I ever ever ever ever
All my life
I've been chasing down a dream
But all the moments in between
Yeah that is all I need

We're always thinking on the next
We're making sense of all the mess
But we forget these are the memories that we make
I guess what I'm trying to say
Is will you stop a sec with me
I've missed so much so I won't let this slip away

I will look back with no regret
Say all the things I should've said
Do whatever matters to me every day
Cause if you don't ask you don't get
Gotta believe that this is it
We're gonna live it like there is no other way

All my life
I've been chasing down a dream
But all the moments in between
Yeah that is all I need
All my life
Aiming for that finish line
I never really took the time
But that is all I, all I need
It's all I need, it's all I need

It's all I ever ever ever ever
All my life
I've been chasing down a dream
But all the moments in between
Yeah that is all I need, yeah

Whatever is gonna come now
Waiting at a crossline
I know it's the right time
I'll make it all mine
Cause I've been waiting

All my life
I've been chasing down a dream
But all the moments in between
Yeah that is all I need
All my life
Aiming for that finish line
I never really took the time
But that is all I, all I need
It's all I need, it's all I need
It's all I ever ever ever ever
All my life
I've been chasing down a dream
But all the moments in between
Yeah that is all I need
