

Better Me

Michael Schulte

Oh, you lift me off the ground, I was down, down, down
Ooh, you make me a better me
Crazy how I feel right now, turn me 'round, 'round, 'round
Ooh, you make me a better me

Life was a highway, was drivin' and losin' control
I spent Monday to Friday just tryin' to make it back home

I was dirt on a diamond until you picked me up, oh
You were there in the silence, a fire, a burnin' love

Oh, you lift me off the ground, I was down, down, down
Ooh, you make me a better me
Crazy how I feel right now, turn me 'round, 'round, 'round
Ooh, you make me a better me
In the darkest of nights
Yeah, you showed me the light
Crazy how I feel right now, turn me 'round, 'round, 'round
Ooh, you make me a better me

You make me a better me

When I look back at those days, don't know how I survived
But you changed me the moment you walked in, you brought me to life

I was dirt on a diamond until you picked me up (Oh)
You were there in the silence, a fire, a burnin' love

Oh, you lift me off the ground, I was down, down, down
Ooh, you make me a better me
Crazy how I feel right now, turn me 'round, 'round, 'round
Ooh, you make me a better me
In the darkest of nights
Yeah, you showed me the light (Showed me the light)
Crazy how I feel right now, turn me 'round, 'round, 'round
Ooh, you make me a better me

You make me a better me
You make me a better me

Oh, make me a better me
