

Broken Sunshine

Michael Schulte

Oh

Mm, mm

A light shines through the crowds
Cold in the distance now
I celebrate my doubts like I'd do anything
Just me and an empty crown
I'm free, but I can't get out
So lost, I might get found like I'd do anything

So I roll, oh-oh
Full of thoughts knowin' I can win now, oh-oh

I'll take my broken sunshine, I'll be alright
Let it shine in my eyes, I'm okay
I'll take my broken sunshine, fill those dark skies
Tryna steal my light, but not today

Mm, mm

Beautiful, it's breakin' down
Full glass that we shattered now
I look up when I'm upside down like I'd do anything

I hope, oh-oh
Through a thousand violins I go, oh-oh

I'll take my broken sunshine, I'll be alright
Let it shine in my eyes, I'm okay
I'll take my broken sunshine, fill those dark skies
Tryna steal my light, but not today
Can't hold me, can't take me, they won't bring me down
Can't hold me, throw my heart to the ground
I'll take my broken sunshine, I'll be alright
Let it shine in my eyes, I'm okay

I'll take my broken sunshine, I'll be alright
Let it shine in my eyes, I'm okay
I'll take my broken sunshine, fill those dark skies
Tryna steal my light, but not today
(Broken sunshine, sunshine)
(Broken sunshine, sunshine) Oh, oh

I'll take my broken sunshine, I'll be alright
Let it shine in my eyes, I'm okay
