

# Carry Me Home

Michael Schulte

The Streetlights from the longest night  
The more I see and now I feel alone.  
But they crawled in as the Strangers begin  
But I wont leave here alone  
Cause I dont know if you understand  
What you do to me when you hold my hand is it always so  
The thought of you wont let go.

You carry me home  
You carry me home  
You carry me home

When the sun rise you turned and closed your eyes  
The sweet dreams sweet melody  
Cause I dont know where we're going to,  
But in the morning light as I looked at you  
It was hard to breathe, the thought of you without me

You carry me home  
You carry me home  
You carry me home

The too much dark wont make it feeling right  
And even if I never know I have to try  
How many times this fate stand in your eyes  
The thought of you is filling all my mind

You carry me home  
You carry me home  
You carry me home

You carry me home  
You carry me home  
You carry me home

The streetlights from the longest nights  
The more I see and now I feel alone
