

# For a Second

Michael Schulte

Darling, pull me closer till I feel that beatin' heart I've been missing  
Since the night you took another  
I've been countin' down the hours, I'm drifting  
Some kinda tension running through my mind  
Is a feeling I don't want to fight  
Darling pull me closer till I feel that beating heart I've been missing

One, two, three and I'm calling  
One, two, three and I'm your

Hold me just a little bit longer  
I don't want the night to be over  
Oh, I feel it's heaven  
Oh, just for a second  
If love is making me this drunk, yeah  
I don't ever want ever wanna be sober  
Oh, I feel it's heaven  
Oh, just for a second  
A little, la-la-la, la-la-la  
I need a, la-la-la, la-la-la  
Ooh, I feel it's heaven  
Oh, just for a second

I was searching for that someone  
I was lookin' for that love in the wrong place  
Then I stopped all the running  
And I didn't see you coming, was too late

Got my attention in the fadin' light  
And it's a feeling I don't wanna fight  
No more searching for that someone  
No more lookin' for that love 'cause I found you

One, two, three and I'm calling  
One, two, three and I'm your

Hold me just a little bit longer  
I don't want the night to be over  
Oh, I feel it's heaven  
Oh, just for a second  
If love is making me this drunk, yeah  
Then I don't ever wanna be sober  
Oh, I feel it's heaven  
Oh, just for a second  
A little la la la, la la la  
I need a, la-la-la, la-la-la  
Ooh, I feel it's heaven  
Oh, just for a second  
Only just a little bit longer  
I don't want the night to be over  
Ooh I feel it's heaven

Oh, just for a second

If love is making me this drunk, yeah  
Then I don't ever wanna be sober  
Oh, I feel it's heaven  
Oh, just for a second  
A little, la-la-la, la-la-la  
I need a, la-la-la, la-la-la  
Ooh, I feel it's heaven  
Oh, just for a second
