

# Here Goes Nothing

Michael Schulte

Something's in the air tonight  
Little bit of paradise  
I'm just gonna roll the dice

What if I spoke from the heart  
Laid out all of my cards  
Say what I wanna say  
Oh, I've been look at the stars  
Wanting a brand-new start  
I'm tired of this game

I ain't afraid of tomorrow  
I don't fear what's coming  
I'll do whatever  
I just need your beautiful loving

Something's in the air tonight  
Little bit of paradise  
I'm just gonna roll the dice  
Look, here goes nothing  
All these feelings in my mind  
I could fall or I could fly  
I'm just gonna roll the dice  
Look, here goes nothing

Was heartbroken  
Now my heart's open  
I'm running down an empty highway  
Something's in the air tonight  
Little bit of paradise  
I'm just gonna roll the dice  
Look, here goes nothing

What if I could swim so deep  
The water's underneath  
I'd never be afraid  
Oh, what if I could reach so high  
Climb mountains to the sky  
Like nothing's in my way

I'll do whatever  
I just need your beautiful loving

Something's in the air tonight  
Little bit of paradise  
I'm just gonna roll the dice  
Look, here goes nothing  
All these feelings in my mind  
I could fall or I could fly  
I'm just gonna roll the dice  
Look, here goes nothing

Was heartbroken  
Now my heart's open  
I'm running down an empty highway  
Something's in the air tonight  
Little bit of paradise

I'm just gonna roll the dice  
Look, here goes nothing

(Here goes nothing  
Here goes nothing)

Something's in the air tonight  
Little bit of paradise  
I'm just gonna roll the dice  
Look, here goes nothing  
All these feelings in my mind  
I got fall or I could fly  
I'm just gonna roll the dice  
Look, here goes nothing

Was heartbroken  
Now my heart's open  
I'm running down an empty highway  
Something's in the air tonight  
Little bit of paradise  
I'm just gonna roll the dice  
Look, here goes nothing

(Here goes nothing)  
Here goes nothing
