

# I Do Believe

Michael Schulte

I heard a bad thing 'bout you  
They said I don't have a clue  
Still try to explain

Why you do what you do  
When you did what you did  
Why you do what you do  
When you did what you did  
Cause I do, do, do  
Believe in you  
Yes I do, do, do  
Believe in you

Hey you're the one talking to me  
I can't deny what they see  
Oh, I'm begging you to explain

Why you do what you do  
When you did what you did  
Why you do what you do  
When you did what you did  
Cause I do, do, do  
Believe in you  
Yes I do, do, do  
Believe in you

I believe  
I believe in you  
I believe  
I believe in you

I'm gonna lose my face  
I need to fear you around  
You're love is saving my life  
When you're right by my side  
You just light up my life  
When you're loves all around  
You just light up my life  
When you're soul touches mine  
You just light up my life  
When you're close to my heart  
You just light up my life

Cause I do, do, do  
Believe in you  
Yes I do, do, do  
Do believe in you  
Oh I do, I do believe  
I do believe, I do  
I do believe in you
