

# Keep Me Up

Michael Schulte

You're keeping me up, keep me up, keep me up  
Cuz you giving me love, you're giving me love  
You're keeping me up, keep me up, keep me up  
Cuz you give me your love, you give me your love

My heart  
Is beating just a little bit faster tonight  
When we talk  
The feeling stays a little bit longer inside

I keep on running so close to the edge  
You tell me you love me so I don't forget  
Got my eyes open, wide open  
I'm hoping that

You're keeping me up, keep me up, keep me up  
Cuz you giving me love, you're giving me love  
You're keeping me up, keep me up, keep me up  
Cuz you give me your love, you give me your love  
All through the night, I feel you there  
You're on my mind, you're in my head  
Keeping me up, keep me up, keep me up  
Cuz you giving me love, you giving me love

You give me your love - nana eh  
You give me your love - nana eh  
You give me your love - nana eh  
You give me your love - nana eh

You say  
I keep you in my mind just to get through the day  
Don't fade  
Cuz tomorrow I am gonna be with you, I can't wait

I keep on running so close to the edge  
You tell me you love me so I don't forget  
Got my eyes open, wide open  
I'm hoping that

You're keeping me up, keep me up, keep me up  
Cuz you giving me love, you're giving me love  
You're keeping me up, keep me up, keep me up  
Cuz you give me your love, you give me your love  
All through the night, I feel you there  
You're on my mind, you're in my head  
Keeping me up, keep me up, keep me up  
Cuz you giving me love, you giving me love

You give me your love - nana eh

You give me your love - nana eh  
You give me your love - nana eh  
You give me your love - nana eh

Everything I want is a little more time  
Everything I need is you by my side  
Everything I want is a little more time  
With you  
Everything I want is a little more time  
Everything I need is you by my side  
Everything I want is a little more time

You're keeping me up, keep me up, keep me up  
Cuz you giving me love, you're giving me love  
You're keeping me up, keep me up, keep me up  
Cuz you give me your love, you give me your love  
All through the night, I feel you there  
You're on my mind, cuz you're in my head  
Keeping me up, keep me up, keep me up  
Cuz you giving me love, you giving me love

You give me your love - nana eh  
You give me your love
