

Slowly

Michael Schulte

Slow-lo-lo-lo-lo-lowly
Slow-lo-lo-lo-lo-lowly

Pull me in
Then push me back
The stars don't seem to shine the way they used to shine
Left me out
And just like that
There's no way outta this, despite how hard we've tried

You know I had my back pushed up against the wall
You can't predict the moment when the curtains call
Pack my bags and run before I take the fall
I'll take the fall

Tell me love, is it hopeless?
Can we save all we have broken?
Now you're so far out of focus
Why don't you let me down?
Why don't you let me down?
Slow-lo-lo-lo-lo-lowly
Slow-lo-lo-lo-lo-lowly
Slow-lo-lo-lo-lo-lowly
Why don't you let me down?
Why don't you let me down?

You save yourself at any cost
I can't be someone for you who you know I'm not
All used up
And glass half-full
Wish you could make this easy but it's not enough

You know I had my back pushed up against the wall
You can't predict the moment when the curtains call
Pack my bags and run before I take the fall
I'll take the fall

Tell me love, is it hopeless?
Can we save all we have broken?
Now you're so far out of focus
Why don't you let me down?
Why don't you let me down?
Slow-lo-lo-lo-lo-lowly
Slow-lo-lo-lo-lo-lowly
Slow-lo-lo-lo-lo-lowly
Why don't you let me down?
Why don't you let me down?

Tell me love, is it hopeless?
Can we save all we have broken?

Now you're so far out of focus
Why don't you let me down
Why don't you let me down
Slow-lo-lo-lo-lo-lowly
Slow-lo-lo-lo-lo-lowly
Slow-lo-lo-lo-lo-lowly
Why don't you let me down?
Why don't you let me down? (Why don't you let me down?)
