Waking Up Without You

Michael Schulte

Waking Up Without You
We were chasing sunsets
Now it's darkness after dawn
Living for the moment
Never thought that you'd be gone
I always thought you'd be there walking by my side
Now I'm just trying to make it through another night
But it's so hard to look back
'Cause every second feels so wrong

Every day I'm waking up without you
You left me lonely in this room
And I don't think I'm ever getting used to
Being broken being bruised
When you really love somebody
It really hurts to lose somebody
Oh I keep thinking what the hell do I do
What the hell do I do

Waking up without you, you
Waking up without you, you

We used to talk about tomorrow
But I guess that's in the past
I got dreams I gotta let go
'Cause forever goes too fast

I always thought you'd be there walking by my side
Now I'm just trying to make it through another night
Oh it's so hard to look back
'Cause forever goes too fast

Every day I'm waking up without you
You left me lonely in this room
And I don't think I'm ever getting used to
Being broken being bruised
When you really love somebody
It really hurts to lose somebody
Oh I keep thinking what the hell do I do
What the hell do I do

Waking up without you, you
Waking up without you, you

All these feelings that I carry with me
They keep making it hard to breathe
They keep making it hard to breathe

I'm just looking at that empty space

An echo when I call your name
An echo when I call your name

Every day I'm waking up without you
You left me lonely in this room
And I don't think I'm ever getting used to
Being broken being bruised
When you really love somebody
It really hurts to lose somebody
Oh I keep thinking what the hell do I do
What the hell do I do

Waking up without you, you
Waking up without you, you
