

What Heroes Do

Michael Schulte

Don't you cry when your world starts spinning
I know it's hard when the bad guy's winning
And you can't win them all
Sometimes you gotta fall

Don't let them ever hurt your feelings
I'll be Superman in a world of villains
But I will give my all
Don't worry any more

When it gets cold outside
When it gets dark at night
I promise I'll get you through
'Cause that's what the heroes do

When everything's going wrong
You feel you like you can't go on
I promise I'll get you through
'Cause that's what the heroes do

The heroes do
Life is a game and the time is running
There's sun for a day then the rain keeps coming
But you can't win them all
Sometimes you gotta fall

I've been there but I'm still breathing
Trust me I know the scars will heal and
I will give my all
Don't worry any more

When it gets cold outside
When it gets dark at night
I promise I'll get you through
'Cause that's what the heroes do

When everything's going wrong
You feel you like you can't go on
I promise I'll get you through
'Cause that's what the heroes do

I'll watch over you
I'll watch over you

When it gets cold outside
When it gets dark at night
I promise I'll get you through
'Cause that's what the heroes do

When everything's going wrong
You feel you like you can't go on
I promise I'll get you through
'Cause that's what the heroes do

I'll watch over you
I'll watch over you
I'll watch over you
I'll watch over you
