

# With You

Michael Schulte

(Sometimes I don't even know where the hell I'm going  
I'm always running where the winds are blowing  
But I'm with you, I'm with you)

I've been waiting 'til the sun goes down  
Heaven knows I'm lost now  
Stalking my heart again, mm hmm

I'm always leaving you one last time  
Never shut the door behind  
'Cause you're stalking my heart again

So it's a lonely night  
With your frozen eyes  
I'm gonna see you again

Oh, there's a storyline  
Where your heart's still mine  
I'm gonna see you again

Sometimes, I don't even know where the hell I'm going  
I'm always running where the winds are blowing  
But I'm with you, I'm with you

And I, I remember us every single moment  
When we got lost and our hearts got broken  
But I'm with you, I'm with you tonight

All the way, all the way tonight  
All the way, all the way tonight  
All the way, all the way tonight  
'Cause I'm with you tonight

Looking back when we were young  
The memories last so long  
Stalking my heart again, no, no, yeah

It was a Friday night  
We were sitting on your sofa 'til the morning light  
Talking it all over, now it's over

But sometimes I don't even know where the hell I'm going  
I'm always running where the winds are blowing  
But I'm with you, I'm with you

And I, I remember us every single moment  
When we got lost and our hearts got broken  
But I'm with you, I'm with you tonight

All the way, all the way tonight (I'm with you)  
All the way, all the way tonight  
All the way, all the way tonight  
'Cause I'm with you tonight

I miss the rain we lost in highs, yeah  
When you're not here right by my side

Sometimes I don't even know where the hell I'm going  
I'm always running where the winds are blowing  
But I'm with you, I'm with you

And I, I remember us every single moment  
When we got lost and our hearts got broken  
But I'm with you, I'm with you tonight

All the way, all the way tonight (I'm with you)  
All the way, all the way tonight  
All the way, all the way tonight  
'Cause I'm with you tonight
