Dancing In The Dark - Michael Stanley Band  
(trans. by Tish)

Here I am with some time on my hands  
And I haven't got lines for just a minute or two  
Something easy crosses my mind, when I recall  
When love was new

You went your way and I went mine  
And our lives seldom cross but when they do  
Can't help rememberin' all of the times  
When love was new  
When love was new

We were dancing in the dark  
(dancing in the dark)  
Just a couple of fools  
Holding you close and  
Breaking all the rules  
Doesn't everything get covered by those first love's blues

I'm not lonely and my life's quite complete  
And my lady is sweet, the children are fat  
Just in passing, you cross my mind and I look up  
All about the time...

When we were dancing in the dark  
(dancing in the dark)  
Just a couple of fools  
Holding you close and  
Breaking all the rules  
Doesn't everything get covered by those first love's blues

Something about the past was quite amusing  
You can change it any way with ease  
As I'm sitting here and thinking of you  
Do you know what I really need?

When we were dancing in the dark  
(dancing in the dark)  
Just a couple of fools  
Holding you close and  
Breaking all the rules  
Doesn't everything get covered by those first love's blues  
Everything gets covered by those first love's blues.
