

# I'll Be Home Soon

Michael Trent

This day has been so long  
But it's over now  
So I wrote this little song  
To remind you how

I'll be thinking of you  
As you lay down in your bed  
Let the stars that hang above you  
Match the wishes in your head  
And as you turn out the light  
You can sing this little tune  
I'll be home soon  
I'll be home soon

So go to sleep my dear  
And just drift away  
And take all your cares and fears  
And throw them away

Cuz I'll be thinking of you  
And all the things you do  
As for your dreams and wishes  
I hope they all come true  
And when I turn out the light  
I'll say a prayer for you  
And I'll be home soon  
I'll be home soon
