

# Heaven Come Down

Michael W. Smith

Oh, Heaven come down tonight  
We wanna see Your glory shine  
Burnin' like a flame, burnin' like a flame forever

I am broken  
Nothin' I can do  
I'm callin' out to You  
Bringin' You a heart that's open  
Come and light a fire  
Come and light a fire

In this moment  
Hear me cryin' out  
I'm reachin' for You now  
Bringin' You a heart that's open  
And broken

Oh, heaven come down tonight  
We wanna see Your glory shine  
Burnin' like a flame, burnin' like a flame forever  
Break every stronghold  
Shatter every wall so we can see  
Heaven come down tonight

Oh, we are broken  
Here before You now  
God we're cryin' out  
Bringing You a heart that's open  
Come and light a fire  
Come and light a fire

Like an ocean  
Washin' over us  
Strong and glorious  
Your love has spoken  
And our hearts are open

Oh, heaven come down tonight  
We wanna see Your glory shine  
Burnin' like a flame, burnin' like a flame forever  
Break every stronghold  
Shatter every wall so we can see  
Heaven come down tonight, tonight, tonight

Oh, heaven come down tonight  
We wanna see Your glory shine  
Burnin' like a flame, burnin' like a flame forever  
Break every stronghold  
Shatter every wall so we can see  
Heaven come down, Heaven come down tonight

Break every stronghold  
Shatter every wall so we can see  
Heaven come down, Heaven come down tonight
