

# In My Arms Again

Michael W. Smith

I really wanna see you  
I really wanna touch you  
If only I could hold you  
In my arms again

I really wanna reach you  
Forever to be with you  
If only I could hold you  
In my arms again

It was written in the stars  
On the pages of my heart  
Oh, that someday I would find  
The love I feel for you tonight

On the ocean of our dreams  
Like a prayer you came to me  
And the longing that had been  
Found it's ending in your eyes  
And I am missing you tonight

I really wanna see you  
I really wanna touch you  
If only I could hold you  
In my arms again

I really wanna reach you  
Forever to be with you  
If only I could hold you  
In my arms again

Across the waves, across the sea  
Separating you from me  
Here's a promise and it's mine  
I will love you for all time  
I'm wishing you were here tonight

I really wanna see you  
I really wanna touch you  
If only I could hold you  
In my arms again

I really wanna reach you  
Forever to be with you  
If only I could hold you  
In my arms again

I really wanna see you  
I really wanna touch you  
If only I could hold you  
In my arms again

I really wanna reach you  
Forever to be with you  
If only I could hold you  
In my arms again

If only I could see you  
Oh, if only I could reach you  
I wanna hold you  
In my arms again
