

Light To You

Michael W. Smith

My hope has found its resting place
And I'll search no more
My hope has found its resting place
And I'll search no more

Even the darkness is light to You
Even the darkness is light to You
It's hard to believe it
But You say that it's true
Even the darkness is light to You

My hope [?]
In Your arm it holds
My hope is found [?]
In Your arm it holds

Even the darkness is light to You
Even the darkness is light to You
It's hard to believe it
But You say that it's true
Even the darkness is light to You

If I make my bed in the depths
If I rise on the wings of the morning
To the farthest horizon, You're there
You'll find me, You'll find me
If I make my bed in the depths
If I rise on the wings of the morning
To the farthest horizon, You're there
You'll find me, You'll find me

Even my darkness is light to You
Even my darkness is light to You
From the deepest of depths
To the stars up above
There is no way I could escape His steadfast love
It's hard to believe it
But You say that it's true
Even my darkness is light to You

My darkness is light to You
My darkness is light to You
