

# Revolution

Michael W. Smith

You push me and I push back  
'Cause it's a Möbius strip an endless track  
We going oh, whoa  
This carousel keeps on spinning  
As the warning bells go on ringing  
Singing oh, whoa

Revolution  
Revolution  
I build a bridge to the other side  
Across the great divide

Do we care and do we hear  
All the voices raised and [?] fear  
They're singing oh, whoa  
All these lights at the raiding  
With chores in mind, suffocating  
Saying oh, whoa

Revolution  
Revolution  
I build a bridge to the other side  
Across the great divide

(Whoa)  
(Whoa)

Bound to make it happen  
We can make it happen  
Bound to make it happen  
We take some time to breathe in  
Bring another kingdom  
We know we need a revolution  
A revolution

Revolution  
Revolution  
I build a bridge to the other side  
Across the great divide

(Whoa)  
(We can make it happen)  
(Whoa)  
(Across the great divide)  
(Whoa)
