

No No No No Not Now

Michel Polnareff

I was in love with you
Yeah, but I must have been mad
Now it's lost
Anything we might have had
You just ran around on me
You almost broke my heart in two
I've had enough
I'm not gonna be your fool

Sorry you know I'm not your clown
Sorry, no no no no not now

I've heard of girls like you
Who only want the thing they can't have

And it's too bad
Love can really make you sad

Sorry you know I'm not your clown
Oh sorry, no no no no not now

You knew I loved you, yeah
I gave you all of my time
I didn't mind
But why'd you treat me so unkind?

And now you're coming back to me
You'd like to get it straight
But it's too late
