

Serendipity

Michele Bravi

I don't wanna be a dreamer
Dreaming of the things I can't get
But ever since I've seen her
It's her face I can't forget

Wish I would have realized the moment she looked at me
Wish I would have recognized my serendipity

When you find what you weren't looking for
'Cause finding what you're looking for
Is so damn hard

Ten seconds earlier
Ten seconds later
We're worlds apart

And I wonder if she ever thinks about me
And I wonder if I am with her in her dreams
My serendipity
My serendipity

So maybe I'm a dreamer
'Cause she's always in my head
Maybe I'm a loser
I just can't settle for less

Sometimes I wish that I could simply let go
'Cause I crave a girl that I don't really know

When you find what you weren't looking for
'Cause finding what you're looking for
Is so damn hard

Ten seconds earlier
Ten seconds later
We're worlds apart

And I wonder if she ever thinks about me
And I wonder if I am with her in her dreams
My serendipity
My serendipity

I'm not looking, I'm not looking
I'm not looking for love
'Cause no one's good enough

On this earth, in this life
No one compares
No one compares to her

I don't wanna be a dreamer
Dreaming of things I can't get

When you find what you weren't looking for
'Cause finding what you're looking for
Is so damn hard

Ten seconds earlier
Ten seconds later
We're worlds apart

And I wonder if she ever thinks about me
And I wonder if I am with her in her dreams
My serendipity
My serendipity
