

# Do It Like That

Michele Morrone

You make me feel

Well, I was walking on the street

And I saw her

She was eating an ice cream (ha-ha)

She was so pretty

And I thought that I could've be gentle for one time in my life

And I told her

You're beautiful (you're beautiful)

You're wonderful

Someone that I want, baby

You're beautiful (you're beautiful)

You're wonderful

Ok, whatever, fuck it

You can do it like that, that, that, that, that, that

You can do it like that, that, that, that, that, that

You can do it like that, that, that, that, that, that

You can do it like

And then she gave me her number

And we start talking

About life, work, movies

And then I asked her

"Do you wanna fuck?"

You can do it like that, that, that, that, that, that

You can do it like that, that, that, that, that, that

You can do it like that, that, that, that, that, that

You can do it like that, that, that, that, that, that (uh-huh)

You can do it like that
