

## Feel It

Michele Morrone

I don't wanna keep you waiting  
That's why you blame it on me  
You just give me your secrets  
And I wanted to, yeah  
'Cause this was on you, baby  
And it's only true, yeah

I'm gonna feel it  
Feel it so strong  
This is making me alive  
We don't even have to say goodbye  
I'm gonna feel it  
Feel it so strong  
This is tryna make me alive  
We don't even have to say goodbye  
I wanted you-ou-ou-ou, you-ou-ou-ou  
This is making me alive  
We don't even have to say goodbye  
I want you-ou-ou-ou, you-ou-ou-ou  
This is tryna make me alive  
We don't even have to say goodbye

Even if I want to play this  
'Cause that's what they're expecting from me, yeah  
I will never let you burden it  
And this is about to  
'Cause this was on you, baby  
And it's only true, yeah

I'm gonna feel it  
Feel it so strong  
This is making me alive  
We don't even have to say goodbye  
I'm gonna feel it  
Feel it so strong  
This is tryna make me alive  
We don't even have to say goodbye  
I wanted you-ou-ou-ou, you-ou-ou-ou  
This is making me alive  
We don't even have to say goodbye  
I want you-ou-ou-ou, you-ou-ou-ou  
This is tryna make me alive  
We don't even have to say
