

# PUSH ME

Michele Morrone

Ya lil, ya lili, ya 3ini, ya lili, ya lil, ya lil  
(Ya lil, ya lili, ya 3ini, ya lili, ya lil, ya lil)

Put me in a room, put me in a room  
I don't even listen, get me on the floor  
Get me on the floor, get me on the floor  
Slap me on the face, no worry about the rules

I, I don't wanna play, I don't wanna play  
Jus-just wanna taste your lips and your face  
Anything you say, anything you say  
Give me your body while you're screamin' my name  
I just wanna taste it, yeah  
Slap me on the face, yeah  
Slowly when I push it, mm-mm  
Slowly when I push it, get it all

Put me in a room, put me in a room  
Put me in a room, put me in a room

Put me in a room, put me in a room  
I don't even listen, get me on the floor  
Get me on the floor, get me on the floor  
Slap me on the face, no worry about the rules  
Put me in a room, put me in a room  
I don't even listen, get me on the floor  
Get me on the floor, get me on the floor  
Slap me on the face, no worry about the rules

Oh, oh  
Let me know, oh, oh  
Let me know, oh oh  
I can't let you go  
I've been gone away  
I can't find my soul  
And I've lost those days  
But please don't worry about the rules

Put me in a room, put me in a room  
I don't even listen, get me on the floor  
Get me on the floor, get me on the floor  
Slap me on the face, no worry about the rules

Put me in a room, put me in a room  
(Ya lil, ya lili, ya 3ini, ya lili, ya lil, ya lil)  
Put me in a room, put me in a room
