

# Watch Me Burn

Michele Morrone

Don't lie to me (hold on)  
Oh baby, I've been thinkin' about it  
You know that I've been dreamin' about it  
I'm gonna teach you some french  
Headlight, hold tight, no no no no  
Oh baby, you know I've been thinkin' about it  
You know that I've been dreamin' about it

You know the deal  
Don't make any promises, promises

Got me flyin' high  
Right where you want me to  
Watch it, watch me burn  
Right where you want me to  
Dandelion, my lullaby  
Touch me now, stop pretending  
Fuck it, watch me burn

Say what you think (hold on)  
Oh baby, I can't lose my mind, yeah  
You know that I can't lose my mind, yeah  
What do you want me to be  
Headlight, hold tight (no, no, no, no)  
Oh baby, you know I've been thinkin' about it  
You know that I've been dreamin' about it

You know the deal  
Don't make any promises, promises

Got me (got me) flyin' (flyin') high  
Right where you want me to  
Watch it, watch me burn  
Right where you want me to  
Dandelion, my lullaby  
Touch me now, stop pretending  
Fuck it, watch me burn
