

Fever Forever

Michelle Branch

Summertime, there's no one home
Watch TV with the volume off
Like that one George Michael song
I should have known better than to dance alone

I keep trying to tell you somethin'
I can picture how it could be
You and I could be making love
Driving round town 'til the sun comes up
If you want it bad enough
If you want to try it, you'll see
I can be whatever you want
Whatever you want to make believe
Ooh-ah, ooh-ah
Ooh-ah, ooh

Patience
How long do I wait for this feeling together?
It doesn't matter
How bad you want me as long as it's fever forever?

Sometimes when I close my eyes
I wonder is this what it feels like to die
You're an unsolved mystery
Everything's tabloid news to me
It's not all black and white
We're all starin' at the moon tonight
I can feel the electricity
I'm buzzin' like a goddamn honeybee

I keep trying to tell you somethin'
I can picture how it could be
You and I could be making love
Driving round town 'til the sun comes up
If you want it bad enough
If you want to try it, you'll see
I can be whatever you want
Whatever you want to make believe

Patience
How long do I wait for this feeling together?
It doesn't matter
How bad you want me as long as it's fever forever?

So say what you want to
Say what you want to
Say what you want to
Say what you want to

Patience
How long do I wait for this feeling together?
It doesn't matter
How bad you want me as long as it's fever forever?
