Stewart's Coat

Michelle Branch

```
Hold me love
I can't sleep again
Will I have to kiss your nose
I wanna lay here next to him, love
I remember walkin in the rain
Rain was fallin on my hands
I don't wanna live through that again, no

I know it takes love
Love is a healing thing
When you give everything
You are loving the world
The world gives you love to hold onto
Remembering
We seldom remember love

Just give me many chances
I'll see you through it all
just give me time to learn to crawl
Just give me many chances
I'll see you through it all
Just give me time to learn to crawl

In september
When the rain comes
And the wind blows
I will see you walkin in the coat of love
If you let me
I will keep you here
Inside the stars
I will love the salt on my sheets
oh you'll love me

Just give me many chances
I'll see you through it all
Just give me time to learn to crawl
Just give me many chances
I'll see you through it all
Just give me time to learn to crawl
Just give me many chances
I'll see you through it all
Just give me time to learn to crawl

(Time to learn to crawl...
Time to learn to crawl,
Time to learn to crawl...)
```
