

Walk Again

Michelle Branch

Crashing like a tidal wave
It's the only thing we can't escape
Well love until there's nothing left
Falling is a leap of faith

Where do we run to
Take the chance we could get hurt anyway

Oh oh woah oh
Oh oh woah oh
Oh oh woah oh
Oh oh woah oh

Oh oh woah oh
How do we learn to
Oh oh woah oh
Walk again walk again
Oh oh woah oh
Why are we scared to
Oh oh woah oh
Let someone in let someone in

It's written in the sky above
You can't help who you're gonna love
When we try to map the roads we make
Trust in a little twist of fate

Where do we run to
Take the chance we could get hurt anyway

Oh oh woah oh
How do we learn to
Oh oh woah oh
Walk again walk again
Oh oh woah oh
Why are we scared to
Oh oh woah oh
Let someone in let someone in

Oh oh woah oh
How do we learn to
Oh oh woah oh
Walk again walk again
Oh oh woah oh
Why are we scared to
Oh oh woah oh
Let someone in let someone in

There's a chance if we fall
We'll never find our way back again
We could jump, lose it all
Take a risk we could get hurt anyway

Oh oh woah oh
Crashing like a tidal wave
Oh oh woah oh
It's the only thing we can't escape

Oh oh woah oh
Well love until there's nothing left
Oh oh woah oh
Falling is a leap of faith

Oh oh woah oh
How do we learn to
Oh oh woah oh
Walk again walk again
Oh oh woah oh
Why are we scared to
Oh oh woah oh
Let someone in let someone in

Walk again, walk again
Let someone in, someone in
Walk again, walk again
We can learn to walk again
