

Do You Know

Michelle Williams

I hate to see you cry
It's like your world torn apart Just know that God faithful
He'll heal your wounded heart

He knows the things that lie to come your way
Keep standing on his promises Believing what he says

Do you know he is here
He will neva
Hold on stay strong
Is gonna do, do just what he says

I hate to see you cry cry
It's like you can't move on
Just know that God is faithful
He'll guide you through storm

Oh let him
Into your heart
He's knocking at your door
So let him in
So lift up your head oh oh
Up to the sky
For in Him He has the power to change your life

Oh do you know he here
Do you know he is here
Said he loves you
He loves you
He loves

Hold on, hold on, hold on
