

# I Know

Michelle Williams

Het little lady why you walking with your head hung low  
There's got to be an answer to whatever you don't know  
Got a little man in the stroller looking up at you  
Don't understand but he knows his mama sad  
Why you running away when your problems gonna find you  
Dry your eyes and take the time to pray

Cause I know what you're going through  
Don't let it get the best of you  
Everybody goes through things  
Don't worry it will be ok  
I know what you're going through  
Don't let it get the best of you  
Everybody goes through change  
And made it through yesterday

Whatever happened to living in a  
World of peace and equality  
Cone in the same yet we killing one another  
For greed and jealousy  
We got three hundred million men and women out there  
Who loves someone  
Epidemics got our nation dying young  
You better be ready when he comes

Don't you let it break you down  
(Don't you let it)  
Don't you let it steal your joy  
(Break you down)  
I know it's gonna be  
(Don't you let it)  
Alright  
(Steal your joy)  
Don't you let it)  
I know it's gonna be alright  
(Keep on fighting)  
Just don't give up the fight  
Everything will be ok  
As long as you keep him first  
Don't worry  
(Don't you let it)  
The pain that you're going through  
(Break you down)  
Just for a little while  
(Don't you let it)  
Hold on  
(Steal your joy)  
Oh Lord
