

My Only Love Is You

Michelle Williams

You're my only love
My only, only love
Is you

Said I know that you can be
Everything to me
The day I met you I became we, yeah
And I know inside my sould you gave me
And that is why

You're my only love
My only, only love
Is you

You're my only love
My only, only love
Is you

See for me to give to you
Is for you to give to me
Take what you want form mre it's yours
Ooh yeah
We got a special chemistry , a love so sweet
You give me all I can and cannot dream

You're my only love
My only, only love
Is you

You're my only love
My only love
You're my only love
My only, only love

You're my only love
My only, only love
Is you
