

The Wall

Michelle Wright

If it was just another woman, I'd know what to do.
If it was whiskey or gamblin, I could pull you through.
But there's something between us that I can't get around, I can
't get over, I can't go under, I can't tear it down.

Chorus I'm up against the wall you built so strong and tall.
You won't let me in so I can never win, cause I'm up against th
e wall.

If it was money that you needed, I would beg and steal. If you
were restless I'd know how you feewl But you keep me at a dista
nce so close and yet so far, I touch your body but you won't le
t me touch your heart.

REPEAT CHORUS
