

Better

Michigander

I'm not good at letting go
I'm not good at letting go
How I feel about you
Oh how I feel about you
I'm always looking at my phone
Helps me forget I'm all alone
I'm always think about you
And I can't live without you
Anymore
Oh

You're always scared of getting caught
Always questioning your thoughts
But you can't hide how you feel
I wanna know how you feel
Feels like time is moving quicker but I'm getting slower
Guess that's just a part of getting older
Wish I could look away

'Cause life might be good
But I wish that it would be better
Just want to be better
Want to be better
'Cause you try to love me
And I probably shouldn't let ya
'Cause things would be better
'Cause things would be better
With you

I sideline watching the sunrise
Trading it for some shut-eye
I'm not really sleeping these days
I was lost, you were found
You were bringing me down
Just the thought of you it fills me out
Think I'll stay home tonight

'Cause life might be good
But I wish that it would be better
Just want to be better
Want to be better
'Cause you try to love me
And I probably shouldn't let ya
'Cause things would be better
'Cause things would be better
With you

Well I'm sorry that things didn't go your way
But if everything goes sideways
I'll be there to carry you
Face your fears
It's okay if you're feeling scared
Just know that I will be there
And you're gonna make it through
Yeah you're gonna make it through
