

I don't know the future  
But I'm not good when it comes to this  
What you doing this weekend  
You could meet me down in Indianapolis

People disagree but  
Honey you and me, we both know  
That making up for lost time  
Never got us anywhere we need to go  
Yeah we need to go

I don't wanna leave you  
I don't wanna go but I can't stay  
You know I didn't mean to  
Set a heart on fire and walk away, away

When you're living on the dark side  
You never think you're gonna see the light  
It's a funny thing to decide  
When it don't feel wrong but still it don't feel right  
But this feels right

I don't wanna leave you  
I don't wanna go but I can't stay  
You know I didn't mean to  
Set a heart on fire and walk away, away

I don't wanna leave you  
I don't wanna go but I can't stay  
You know I didn't mean to  
Set a heart on fire and walk away, away

You were parked on Highland  
I walked you back and watched you drive away  
You drove away

I don't wanna leave you  
I don't wanna go but I can't stay  
You know I didn't mean to  
Set a heart on fire and walk away, away
