

# Let Down

Michigander

You're a concept worth exploring  
Never nervous, never boring  
I don't wanna mess it up  
No, I don't wanna mess it up  
Crossing state lines through the morning  
Little tired, little swerving  
I don't wanna mess it up  
No, I don't wanna mess it up

'Cause I've got high hopes, I got high hopes  
But they let me down, they usually let me down

Well I feel like I've known you  
Even though I've only met you  
I don't wanna mess it up  
I'm probably gonna mess it up  
'Cause you're walking down the stairs on a Wednesday night  
Sure, it's kinda cold but I feel alright  
'Cause I got you in the front seat  
And you keep on looking at me

'Cause I got high hopes, I got high hopes  
But they let me down, they usually let me down  
'Cause I've got high hopes, I got high hopes  
But they let me down  
Oh, they usually let me down, yeah

'Cause love, yeah, love, yeah, love  
Will find you when it's ready  
Yeah, love, yeah, love, yeah, love  
Will find you when it's ready (Yeah)

'Cause I've got high hopes, I got high hopes  
But they let me down, they usually let me down
