

Misery

Michigander

I was hung up on a dream
Being comfortable was not meant for me
But when you walked into the room
I knew that all my plans were doomed
You started talking to me

So tell me what you're thinking
'Cause I think I feel the same as you
'Cause you got my knees shaking
So take my heart and break it in two

I didn't wanna let you go
Well, I couldn't find a heart
I couldn't find a home
But if you think I'm misery
Then baby, you're the company
It never leaves me alone, no

So tell me what you're thinking
'Cause I think I feel the same as you
'Cause you got my knees shaking
So take my heart and break it in two

I'm trying to stay awake 'til I fall asleep
'Cause I'm stuck between a pillow and a dream
'Cause I'm too busy to call
Could we try next week?
You can blame it on me

So tell me what you're thinking
'Cause I think I feel the same way as you
'Cause you got my knees shaking
So take my heart and break it in two

'Cause all I want is you
Yeah, all I want is you
'Cause all I want is you
Yeah, all I want is you
Yeah, all I want is you
