

**Ok**

**Michigander**

You're the only that I wanna see right now  
But since you're not here, I think I'll just go home  
Kickin' up the dust as I wander 'round downtown  
I'll do anything to not go home, home

It's okay to be lonely  
It's okay to be alone sometimes  
It's okay to be lonely  
It's okay to be alone-lone-lone-lone-lone sometimes  
Sometimes, oh, sometimes, sometimes

Pickin' up the pieces, pickin' up the social cues  
I don't have a reason to feel the way I do  
Another step forward then another one back  
You can go anywhere, just stay on track  
Be who you are or pretend who you wanna be  
It's not easy

It's okay to be lonely  
It's okay to be alone sometimes  
It's okay to be lonely  
It's okay to be alone-lone-lone-lone-lone  
It's okay to be lonely  
It's okay to be alone sometimes  
It's okay to be lonely  
It's okay to be alone-lone-lone-lone-lone sometimes

But I still want you  
Yeah, I still want you

It's okay to be lonely  
It's okay to be alone sometimes  
It's okay to be lonely  
It's okay to be alone-lone-lone-lone-lone  
It's okay to be lonely  
It's okay to be alone sometimes  
It's okay to be lonely  
It's okay to be alone-lone-lone-lone-lone sometimes
