Reds

Michigander

Terrified, you're shaking in your skin
Play it cool, while the ice is getting thin
Pump the brakes, and throw away the keys
Just let go 'cause you gotta learn to breathe

You don't have to figure it out
You just got lost, no, you haven't lost your mind
You don't have to figure it out
You just got stuck, you just need to take some time

Tear it down, and rip it all apart
We've been moving fast
Chasing shooting stars
You've got a cigarette tucked behind your ear
The sun, it sets, but you don't have to fear

You don't have to figure it out
You just got lost, no, you haven't lost your mind
You don't have to figure it out
You just got stuck, you just need to take some time
You don't have to figure it out
You just got lost, no, you haven't lost your mind
You don't have to figure it out
You just got stuck, you just need to take some time

I won't let you go
No, I won't
I won't
I won't let you go
No, I won't
I won't
I won't let you go
No, I won't
I won't
I won't let you go
No, I won't
I won't

You don't have to figure it out
You just got lost, no, you haven't lost your mind
You don't have to figure it out
You just got stuck, you just need to take some time

You don't have to figure it out
You don't have to figure it out
You don't have to figure it out
You don't have to figure it out
