

Superglue

Michigander

You caught me off guard but you don't need a reason
To feel the way you do
You break my heart, then you put it back together
With some superglue

We can waste all my time
It's alright, I got nothing better to do
You got your reasons and rhymes
It's alright

Am I wasting my emotion on you, baby?
Am I wasting all my time, waitin' on you?
Should I give up on this thing that I been chasing?
'Cause honestly I don't know what to do
No, I don't know what to do

I just need someone to tell me when
Everything is gonna end
To my face, you tell me that we're friends
But I know it's just pretend
I wanna hear ya talk in your sleep
You take your time when you're staring at me
Find excuses to loosen your grip
But that's not reality

Well, am I wasting my emotion on you, baby?
Am I wasting all my time, waitin' on you?
Well, should I give up on this thing that I been chasing?
'Cause honestly I don't know what to do
No, I don't know what to do

Power's out in Russell Woods
This never felt like my neighborhood
I'm stuck at home and it sure has got me thinkin'
Well, should I give up on this thing that I've been chasing
Oh, 'cause honestly I don't want to

Am I wasting my emotion on you, baby?
Am I wasting all my time, waitin' on you?
Well, should I give up on this thing that I been chasing?
'Cause honestly I don't know what to do
No, I don't know what to do
