

# Deadly Tedium

Mick Harvey

Deadly Tedium  
Comes to me  
When I am With you  
Deadly Tedium  
Takes a hold  
Feeling glum  
Step by step

The day that I can find the guts to leave  
You and let  
Let you go, that day  
That day, oh yes that day,  
I think I could  
Think that I Fi- -na- -lly  
Could  
See

Deadly Tedium  
Put into  
The English  
I'll take my leave

Of course there's really nothing to say  
When we're horizontal  
But we don't have anything to say  
When we're vertical  
So to kill the time  
Between some sex and the next  
I take my newspaper and biro  
And I fill In the a's and the o's.

One day I know I must decide  
My love  
To pack my bags  
But I fear you'll go  
You'll go to the bathroom cabinet  
And reach out  
To The Bar- bit- urates  
I want no tedious  
Things on my  
Mind or with  
Your  
Daddy  
So I let it be
