

Ayy, niggas stepping on their own feet, they not bowlegged
Toy stories, we been toe-tagging
Monster's Inc., he got the dough stackin'
Two sports, nigga, Bo Jackson, uh
Two sports, I'm on prime time
Green grass if I wine and dine
Nigga, I'm havin' what the G.O.A.T.s havin'
Knots on me, I got boat habits
Docks, if we talking wave makin'
We been wakeboardin', niggas still sleepin'
Otto Rocket, I'm in X-Games mode
Y'all niggas sound like squids speakin'
Money hungry, see 'em squid gamin'
Penny pinchin', nigga been schemin'
Moneypenny, I got bonds working

Told 'em, this ain't no time to die
Niggas from 'round the way
Bitches from 'round the way, ayy
My people's down to ride
We fucked around and found a way out
This ain't no time to die
Niggas from 'round the way, ayy
My people's down to ride
We fucked around and found a way out, yeah
We fucked around and found a way

We fucked around and found out
Only looking where the truth at
Follow me, I got moose tracks
The right two cents is worth two racks
I talk that old jazz, a-la Dave Brubeck
Push keys, so dope made you sweat
C-notes so sweet under flames made brûlée
Who let the dogs out?
Watch niggas get maimed to death, who left?
We finna go all out
Albuterol gave new breath with pump action
Dodge the hate with the same two-step (Uh)

This ain't no time to die
Niggas from 'round the way, ayy
Bitches from 'round the way, ayy
My people's down to ride
We fucked around and found a way out
This ain't no time to die
Niggas from 'round the way, ayy
My people's down to ride
We fucked around and found a way out
We fucked around and found a way
