

## Blessed Assurance

Mick Jenkins

I need blessed assurance  
Treat me just like the weed  
Make me feel important  
The higher up the better I feel (yeah yeah)  
Backwood vacations while I'm in the field  
Like bang, bang, bang  
I need to get away and smoke  
When I need to free my mind I smoke (yeah yeah)  
We light up like Christmas time and smoke (yeah yeah)  
Kush-ups that's exercise and smoke  
Like bang, bang, bang  
I-I need to get away

Puff puff then pass  
Don't boof the wood  
Just promise me that  
We got all the smoke nigga  
You don't want no smoke nigga  
I can't even smoke witcha'  
? yolked  
I been makin' omelettes of niggas  
Shit gon' shatter gon' crumble when I concentrate fuckin' with  
the conscious of niggas  
That type of flower uncommon  
Taste it when I smell it my palate is polished  
My roses are budded and I'm tryna' cross-pollinate  
Niggas still sleepin' cause the indica dominate  
Know that I cannot accommodate Reggie  
Labels get to dancin' on the ceilin' 'fore they billow out the  
window floatin' straight up to the heavens though  
I hold it in and let it go

I need blessed assurance  
Treat me just like the weed  
Make me feel important  
The higher up the better I feel (yeah yeah)  
Backwood vacations while I'm in the field  
Like bang, bang, bang  
I need to get away and smoke  
When I need to free my mind I smoke (yeah yeah)  
We light up like Christmas time and smoke (yeah yeah)  
Kush-ups that's exercise and smoke  
Like bang, bang, bang  
I-I need to get away and smoke
