

Huh

These niggas twist facts, they not killas  
All I see flathead, they not drillas  
All I speak black head, no pop filter  
Lemme know when it's peaking  
Let me know what you think I'm on, I'm off kilter  
Gun in my section  
RIP Mapquest, no direction  
All I see CapCut, won't digress  
It's not in my flex  
What readers you digesting?  
9 outta 10 can't answer my questions  
Niggas feeling froggy, you might get dissected  
Heard they want smoke, get hazed if I'm steppin'  
Niggas can't pledge these flows ain't through sweepin'  
Know they can't hedge they wagers, keep sweating  
My bookie just keep betting  
I'm looking to get even  
Thought if I just took my shit off streaming  
Then Spotify get they hands out my pocket  
Whole doorbell and niggas will still knock it  
A whole Orwell I get into this arc  
Y'all enter it by twos  
Seven pure breds, my niggas gon' ride too  
Know the pigs ate we call them Kaiju  
Leave you in the Ash, don't wanna be Raichu  
We gotta evolve  
We gotta be blind to it, still gotta see all  
Oedipus how I feel on this this odyssey fall  
Regular gotta be real, they want autonomy off  
Counted me out, know that I'm boutta be Gauff  
On this green serving you love  
Y'all niggas turning me up  
Y'all niggas turning me up

The trophy ain't big enough  
The trophy ain't big as I thought  
The trophy ain't big enough  
The trophy ain't big e...  
The trophy ain't big enough  
The trophy ain't big as I thought  
The trophy ain't big enough

I'll take my money, the trophy ain't big enough  
I think it's funny you lost and can't give it up  
I'd cut my losses, but I ain't got shit to cut  
I'll take my money, the trophy ain't big enough  
I think it's funny you lost and can't give it up  
I'd cut my losses, and I ain't got shit to cut
