Thousand dollars Cazals, Fear of God on my feet  
How I walk in his footsteps, ain't walk to the beat?  
How I tell 'em I'm flat-footed but stay on my toes?  
Peep the shit with my left eye and stay on my creep, they can't  
stand on my flows  
Lotta heads in the clouds  
We was bobbin' our heads to your style 'fore you was born  
Niggas want us like, "Wow, I can't go for the fade"  
'Less you talking 'bout the olive green tint on my shades  
These thousand dollars Cazals, frame of mind is the same  
I was blessed to know on some niggas who would study the game  
Who would give me some game  
And they swear a nigga changed 'cause he spendin' some change  
But the closest to me know we ain't just 'posed to stay the sam  
e  
I can give a fuck bein' frank, I be laughin' like I'm off the N  
ovacane  
Hold the weight of the team  
I might have to do like Kap or grab a cane  
All the pain we ascertain from chocolate rain and acid rain, I  
need the sunshine  
I bought these glasses, tryna rock 'em for the one time  
The climate changed in December, feel like the summertime  
The silence hangs in the air, the truth is underlined  
Ain't no different through these thousand dollars Cazals  
[?] in the clutch, another rack on my back  
It's not to say you ain't up, but dawg I know you ain't up  
These niggas off the caffeine, I only read in between  
I mean I seen what I seen, these thousand dollars Cazals  
Barely noticed the shade, I'm only playin' my hand  
I mean a spade is a space, I flopped the nuts and I'm paid  
Tell these neutered niggas, I ain't hearin' nothin' they say  
Shit is deeper than rap, shit is deeper than skin  
You'd see it if I was [?]  
You get too deep with the pen and start sayin', "Behave"  
I'm in too deep, no Cool J  
Don't want 'em callin' me God, I can't keep up with the [?]  
Nigga I'm just a man, Louis pouch in my hand  
[?] there's parmesan in my pockets  
I know the jacket was lamb and I got the top from Japan  
Harmonizing with wifey, yeah, that was always the plan  
And I see it happening through thousand dollars Cazals
