

# Snakes

Mick Jenkins

Pulled up in the vintage thang  
Checked the rearview through the vintage frames  
That's just gang behind me  
Dirty niggas no stains behind me  
Freenation no ball and chain  
A few niggas that came with slime are what niggas might call insane  
They like callin bluffs  
I won't call it game if a nigga can't play when we call the refs  
Can't state the stats debating facts without the effort  
Blatant act like Golden State without the Steph  
The glue ain't right the ankle shake the shoe ain't right  
I do it well I manifest the blue and white  
I'm too legit I'm doing it right  
Still they hate so  
That don't mean I make it through the night

We been building Isosceles  
Conduct like apostrophes  
And you know we need the acknowledgement  
You can't talk shit with apologies at the end of your sentences  
Concentrate, the truth can't kinda be  
I'm looking for kindred folk  
I'm finding my folk all like anaconda be

Snakes in the grass  
Snakes on the plane  
Snakes for your master  
Just one in the same  
Snakes in the grass  
Snakes on the plane  
Snakes for your master

Snakes only wanna tip the scales when your pockets heavy  
I remember days piece of mind coming secondary to this peace of mine  
Gotta hold it steady gotta concentrate  
I been planting seeds water working 'til the levee break  
I know seasons change and the tall grass make the serpents deadly til they p  
enetrarte  
If I tell it I can pen a book  
You can come to London baby take a look  
I know real drillers I know real niggas  
We don't feel niggas know we got em shook  
Same bruddas that will smile with you  
Quick to put the pistol to your pearly whites  
Keep my circle tight like numb pussy  
Just a couple brothers ain't none pussy

Maybe it's sorcery  
Conduct like apostrophe  
I need me some accolades  
If I'm speaking honestly  
I need me a couple plugs  
Just check my discography  
They don't want no parts of me  
I'm shedding my skin just like anacondas be

Snakes in the grass

Snakes on the plane  
Snakes for your master  
Just one in the same  
Snakes in the grass  
Snakes on the plane  
Snakes for your master
