

## The Fit

Mick Jenkins

Sometimes it's just bout the fit  
I need my shit with a taper  
I can't quit I'm too legit  
Dropping jewels niggas dying off the vapor  
Needed paper I got paper need a stapler  
I got habits I got problems got enablers  
Peep the patterns picking swatches switching flavors  
Sometimes that shit just not it  
I need the real fuck the cap'n  
I need An accurate description of what happened  
A? look like them boys relaxing  
What you stand on in them nikes I'm just checking  
I respect the lighter flexing fuck a hypebeast  
Niggas characters so often they come typecasted  
Eddie murphy I ain't really lacking no character  
Don't try to compare us  
Its apparent we lacking in parallel  
Just said what I said my nigga pplease don't try to paraphrase  
I had to come off the carousel  
Niggas is still on they high horse  
Ain't gotta do nothing by force  
Right handed nigga play high keys  
Taking my talents to hockey  
Flows is too icy somebody stop me  
Sometimes niggas can't do shit  
I'm watching mother fuckers copy  
Niggas use stencils niggas ain't banksy  
Backbone like number two pencils  
I peep it eaerly niggas should thank me  
Can't fuck with you cause of who you with  
Sometimes it's just bout the fit  
I need my shit with a taper  
I can't quit I'm too legit  
Dropping jewels niggas dying off the vapor  
Needed paper I got paper need a stapler  
I got habits I got problems got enablers  
Peep the patterns picking swatches switching flavors  
Sometimes that shit just not it  
I need the real fuck the cap'n  
I need An accurate description of what happened
