

# Baddest Muthafucka

Mickey Avalon

What you get is what you see  
So baby come and lay a kiss on me  
And luckily, what I be, the baddest motherfucker in history  
What you get is what you see  
So baby come and lay a kiss on me  
And luckily, what I be, the baddest motherfucker in history

I lead top ends in single bands  
See my name in lights all over town  
Where wolves come out when the sun go down  
I got balls so big they hit the ground  
Faster than a bullet out the Tommy gun  
My cock got the silent sound  
Riding on the back of a dinosaur  
Make the sky turn blue like Heisenberg  
Light a match on top of a moving train  
Keep my cigarette lit in the pouring rain  
Got a stable of hoes, no ball and chain  
And they all look just like Lois Lane  
Yo-ho-ho and a bottle of rum  
I ain't wearing nothing but a condom on  
I'll kick your ass 'til kingdom come  
'Cause I'm all fresh out of bubble gum

What you get is what you see  
So baby come and lay a kiss on me  
And luckily, what I be, the baddest motherfucker in history  
What you get is what you see  
So baby come and lay a kiss on me  
And luckily, what I be, the baddest motherfucker in history

Boy, I'm badder than Leroy Brown  
My baby bad will shoot you down  
Pass me the mic and I'll rock the crown  
I could still look tough in a wedding gown  
Harder than a Vietnam veteran  
I take trick nine like medicine  
I'm so high off of phentermine  
If the police knock don't let 'em in  
I could hold my breath in the boiling bath  
And I ain't slip yet for a year and a half  
Top of the mountain with a snake and staff  
I saw the Lord and tried not to laugh  
Chitty-chitty bang-bang, what you gonna do  
When the Av comes and fuck you up the ass with the broom?  
Three little piggies tried to run out the zoo from the big bad wolf in the s  
heep-skin suit

What you get is what you see  
So baby come and lay a kiss on me  
And luckily, what I be, the baddest motherfucker in history  
What you get is what you see  
So baby come and lay a kiss on me  
And luckily, what I be, the baddest motherfucker in history
